VISITORS

(Refer to School Visitors Policy No. 907)

In order to maintain a safe school environment, all visitors are reminded to stop in the elementary office to sign in and take a Visitor Pass. Upon leaving visitors must sign out and return the Visitor Pass. We ask that you bring proper photo identification (driver's license, etc.) to expedite the check-in process.

CLASSROOM VISITATION

Parents are encouraged to be involved in the education of their children and classroom visitation is welcome. However, in order to not disrupt the educational process of the class we ask that you make arrangements in advance with the classroom teacher to establish a time that would be best and to address any special considerations that the teacher would ask of you.

CHAPERONES

Parent /guardian chaperones are utilized for some school field trips. This is dependent upon the trip, the grade level and the availability of space. When arranging for field trip chaperones, the school will make an effort to give priority to parents/guardians who have not chaperoned field trips in previous years. Extenuating circumstances, which oftentimes cannot be openly communicated for privacy reasons, will be given consideration. Chaperones will need to have proper clearances prior to chaperoning a field trip. More information will be provided by your child's homeroom teacher before each grade level field trip. Please note that when giving direction to chaperones by way of instructions or trip rules, the teachers take into consideration the health and safety needs of the students. For the safety of all students it is imperative that chaperones adhere to the guidelines presented by the teachers. We appreciate your cooperation and understanding.

STUDENT PRIVACY / SOCIAL MEDIA

Parent involvement in the school is welcome. When participating in a school event (in school or field trip), please respect the privacy of other families by not posting photos of other children on social media websites.

BIRTHDAY CELEBRATIONS

(Refer to Wellness Policy #246)

Unless communicated otherwise by the classroom teacher, birthdays will be celebrated in the homeroom class on a monthly basis, the first school day of each month. Summer birthdays will be celebrated on the last full day of the school year.

Families wishing to send a birthday treat to school are asked to contact the homeroom teacher prior to the first school day of your child's birthday month. MAES promotes healthy eating habits and requests that treats that are sent in support healthy eating styles. Snacks will be permitted in the form of pre-packaged store bought items. Pudding cups or granola bars are some examples of pre-packaged snacks. Non-food treats such as pencils, tablets, crayons, stickers, etc. are also welcome. Items such as soda, cupcakes, potato chips and candy are discouraged.

Celebrations will occur after lunch, with recognition of the birthday(s) being the focus.

ONLINE GRADEBOOK

In an effort to keep parents informed of student progress, grades 1 through 5 utilize an online grading system. These gradebooks are available for parent and student viewing through the District website. You must have an account set up to access the gradebooks. Contact the office for information on setting up an online grading account.

When accessing school parking lots, please park in designated parking spaces. Vehicles parked in fire lanes or "add-on" spaces create a safety concern. Thank you for your cooperation.

PERSONAL PROPERTY

(Refer to Electronic Devices Policy No. 237)

Personal property items not necessary for the school day should be left at home. Students are responsible for personal items brought to school. Fidget spinners, pop it fidgets, trading cards are items that are highly discouraged. Electronic devices are also discouraged. If a parent/guardian feels that a cell phone or smartwatch is necessary, it must be turned off and left in the student's book bag. Otherwise, items will be confiscated and parent contact made.

EARLY DISMISSAL - SCHOOL CANCELLATIONS - FLEXIBLE INSTRUCTION DAYS

Almost every year, Meyersdale Area School District is confronted with inclement weather conditions which require the school to close for the day, delay the starting time, or dismiss children early. District administration will notify parents/guardians as early as 6:00 a.m. regarding school closings and/or delays. Parents/guardians will be notified by district administration via the automated calling system. In order to receive these notifications, please make sure that your contact information is up-to-date with your child(ren)'s school office.

HOMEWORK REQUESTS

Most classwork and homework can be accessed daily utilizing our online learning management system, Canvas. Please communicate with your child's teacher if you have any questions or if your child is too sick to complete work.

FUNDRAISING

(Refer to Student Fundraising Policy No. 229 and Wellness Policy No. 246)
Solicitation of funds from students will be limited and at the discretion of the administration.

REGULATIONS GOVERNING ABSENCES, EXCUSES, PERMITS

(Refer to Attendance Policy No. 204)

Absences

Students absent from school are required to bring a written excuse, signed by the parent, upon returning to school. This excuse is to be presented to the elementary office.

If an excuse from home is not presented at the office within three days after the absence occurs, an unexcused or illegal absence will be issued, depending upon the age of the student.

PARENTAL REQUEST FOR EDUCATIONAL TRIP

(Refer to Attendance Policy No. 204)

Educational trip request forms are available in the office. Please complete and submit the form one week in advance of the trip to allow for proper planning of the student's missed work. Educational trip days are counted as absent days and valuable instructional time is missed. In an attempt to give your child the

maximum educational advantage, please make every attempt to schedule such trips around the school calendar.

ADMISSION, ATTENDANCE, DISMISSAL PROCEDURES

(Refer to Attendance Policy No. 204)

A child must be five years of age prior to September 1 to enter kindergarten, and six years of age prior to September 1 to enter first grade. Once a child enters school, he/she is governed by the Compulsory School Attendance Law of Pennsylvania, and is responsible for attending school on a daily basis.

TARDY/ABSENCE TIMES

- A student is considered tardy at 8:00 a.m.
- If a student is late to school and arrives before 9:00 a.m., the student is a.m. tardy.
- If a student is absent, arrives after 9:00 a.m., but before 11:30 a.m., the student is considered absent ½ day.
- If a student is absent, but arrives after 11:30 a.m., the student is marked absent for a full day.
- If a student leaves early from school prior to 2:00 p.m., the student is considered absent ½ day.
- If a student leaves early from school after 2:00 p.m., the student is not counted absent, but the student is considered **p.m.** tardy.

Habitual tardiness has a tremendous impact upon a child's education. Tardiness can cause absence from a large part, if not all, of the first class of the day. Kindergarten through fifth grade students, after being tardy to school on five (5) occasions, without valid reason, will be assigned to a detention.

As much as possible, please limit transportation home arrangements to one plan. Management of different plans poses a difficult situation for the children and for the school. Getting all children home safely is our priority and changes to arrangements make that more challenging. Changes made during the school day should be for emergency circumstances only.

In order to help the day run smoothly and avoid unnecessary interruptions, we are asking your cooperation in the following ways. Please help us limit classroom interruptions by following these rules.

- 1. All elementary students should arrive by 7:55 a.m.
- 2. All children should know how they are going home when they come to school.
- 3. The secretaries will call children to the office after school for emergency transportation only.
- 4. <u>No vehicles other than buses and those authorized by the school district may load or unload in the front parking lot between 7:30-8:00 a.m. and 2:30-3:15 p.m.</u>
- 5. If your child has different transportation arrangements to go home, send a note to school with your child.
- If your child is being picked up by someone either during or after school, send a note to school with your child.
- 7. Children leaving during school hours for appointments are to be picked up at the office.
- 8.—Children being picked up by someone after school will utilize the carline on the side of the building (see Page 10, Pick-Up Student Dismissal Procedures). We appreciate your cooperation in helping to keep our children safe.
- 9. Any parent who wishes to take a child out of school if an emergency arises must notify the office. The secretaries will call for your child. Parents <u>are not</u> to go to the child's class to get them.
- 10. During the school day the only door to enter the building is at the main office. Visitors must push the entry button, wait for identification and the secretaries will open the door to allow entry.

ELEMENTARY COUNSELING DEPARTMENT

The counseling services at the Meyersdale Elementary School are designed to be a support to each child's academic, social, emotional, and behavioral development. This proactive approach includes needs assessments, Child Study Team meetings, consultations with outside agencies, preventative and developmental small group counseling and participation in Drug-Free Schools activities. In addition, the counselor accesses services through the school psychologist, nurse, social worker, speech, and occupational therapists.

Students may see the school counselor through self-referral, teacher referral, parent referral, counselor request, or administrator request. The school counselor makes every effort to respect a person's privacy, however to best serve the child it is often necessary for adults to work together. The counselor may consult with parents, teachers, administrators, and other colleagues as needed. School counselors are required by law to make referrals and disclose specific information to appropriate agencies under suspicion of abuse/neglect or suspicion that the child is in danger.

OLWEUS BULLYING PREVENTION PROGRAM

(Refer to Bullying / Cyber Bullying Policy No. 249)

In an effort to improve peer relations and make our school a safer and more positive place for students to learn and develop, the Meyersdale Area School District has implemented the Olweus Bullying Prevention Program (OBPP). This program recognizes bullying as repeated exposure to negative actions on the part of one or more students, with an imbalance in power or strength.

Our school rules against bullying are:

- ✓ We will not bully others.
- ✓ We will try to help students who are bullied.
- ✓ We will include students who are easily left out.
- ✓ When we know somebody is being bullied, we will tell an adult at school and an adult at home.

Conflict is an inevitable part of interaction. It occurs naturally as children learn the give and take of relationships, or group cooperation and social interaction. The following table highlights the main differences between normal peer conflict and bullying:

Normal Peer Conflict	Bullying	
Equal power or friends	Imbalance of power; not friends	
Happens occasionally	Repeated negative actions	
Accidental	Purposeful	
Not serious	Serious with threat of physical harm or emotional harm	
Equal emotional reaction	Strong emotional reaction from victim and little or no emotional reaction from bully	
Not seeking power or attention	Seeking power, control, or material things	
Not trying to get something	Attempt to gain material things or power	

Remorse—will take responsibility
Effort to solve the problem
Isolation of victim is not intent

No remorse—blames victim
No effort to solve the problem
Isolation of victim is intentional

SEPARATIONS / DIVORCES

It is the intent of the Meyersdale Area School District to remain neutral toward families split by divorce or separation. We do not want to take sides with one parent against the other where there may be possible conflict over children attending school in this district. If you have a court decree which establishes you as legal guardian, you <u>must provide</u> the district a copy of such document for attachment to your child's permanent record. We will use this as a legal base for working with the custodial parent.

In the absence of such a document, you must be aware that we cannot deny either parent access to his/her child. We cannot withhold information or refuse to see or work with the other parent. We cannot keep the other parent from picking up his/her child from school.

The Meyersdale Area School District wants to protect all children from emotionally upsetting situations. Whatever the parents can settle outside the school to forestall any confrontations should be pursued.

DISABILITY SERVICES

MEYERSDALE AREA SCHOOL DISTRICT ANNUAL PUBLIC NOTICE

It is the responsibility of the Pennsylvania Department of Education to ensure that all children with disabilities residing in the Commonwealth, including children with disabilities attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated. This responsibility is required by a federal law called the Individuals with Disabilities Education Act Amendments of 2004 (IDEA '04). The IDEA '04 requires each state educational agency to publish a notice to parents, in newspapers or other media, before any major identification, location, or evaluation activity. The IDEA '04 requires this notice to contain certain information. Another federal law, the Family Educational Rights and Privacy Act of 1974 (FERPA), which protects confidentiality, requires educational agencies to notify parents annually of the confidentiality rights (FERPA regulations have been amended 9 times). Pennsylvania special education regulations require each school district to fulfill the IDEA '04 notice requirement by providing an annual public notice.

Meyersdale Area School District is required by the IDEA '04 to provide a free appropriate public education to children with disabilities who need special education and related services. (Note: The duty to identify, locate, evaluate and provide special education services to school-age individuals incarcerated in local correctional institutions rests with the school district within whose boundaries such an institution is located.) School age children who need special education and related services are identified as children with disabilities. Please refer to the special education section of the handbook for more information.

Please refer to the Special Education section of the handbook for more information regarding the Annual Public Notice. The entirety of this Annual Public Notice can be found on the Meyersdale Area School District website by first selecting the "Services" tab and then the "Special Education" tab. Also, more information is available by contacting the Administration Office at 814-634-8311, Extension 4.

STUDENT ASSISTANCE/STARS PROGRAM

(Refer to Student Assistance Program Policy No. 236)

The STARS (Support Team Assisting Raider Students) program is Meyersdale Elementary School's Student Assistance Program. This program coordinates access to appropriate counseling and support services for students who may be at risk due to academic, social and/or emotional problems.

The STARS program is designed to assist school personnel to identify issues which pose a barrier to a student's learning and school success. Student assistance is not a treatment program; rather, it is a systematic process using effective and accountable professional techniques to mobilize school resources to remove the barriers to learning, and, where the problem is beyond the scope of the school, to assist the parent and the student with information so they may access services

within the community. The STARS team members do not diagnose, treat or refer for treatment, but they may refer for an assessment for treatment. It is the parent's right to be involved in the process and to have full access to all school records under applicable state and federal laws and regulations. Core Team Members are Devin Pritts, Joey Emerick, Bree Yoder, Stacy Kucenic, Gala Wassilchalk.

PICK UP STUDENT DISMISSAL PROCEDURES

In striving to promote a safe school environment, the following procedures will be observed when students are picked up at dismissal. Please recognize that these procedures are in consideration of the health, safety and welfare of our children. The school appreciates your cooperation as we strive to keep our children safe.

- PikMyKid software will be utilized to help make student dismissal safe for all students and families
- Parents/Guardians will designate on the student contact sheet those adults who are authorized to pick up their child(ren) from school. Individuals authorized to pick up a student will not be permitted to change the student's dismissal procedures. Only the primary contacts may change dismissal arrangements.
- Adults arriving at the school to pick up students at dismissal must utilize the carline that will be located in the side parking lot.
- Adults authorized to pick up a student from school will enter the carline and check-in utilizing their mobile
 devices. Parents/Guardians can also have the school support staff manually enter the student's ID number
 to add them to the dismissal line if they made arrangements prior to 2:00pm.
- Parents can update their child's dismissal arrangements online, by sending a note in the morning or by calling the school prior to 2:00pm.
- Changes to dismissal arrangements can not be made online or by the office after 2:00.
- Pick up students will be dismissed at the regular time. Order will be determined by the order parents arrive and check-in
- When your child is dismissed they will be virtually signed out.
- Please make sure to utilize the online portal to check-in once you have arrived. If you do not, the school support staff assisting will be able to add you to the system utilizing the number displayed on your dashboard or windshield.
- Arrangements for students leaving before dismissal will continue to be handled through the office; however, the dismissal will be considered as a *tardy* due to the missed instructional time.

PAYMENT OF FUNDS

Payment of funds for the benefit of a student (i.e. cafeteria account, field trip costs, club activities, athletic costs and equipment, etc.) may be made by cash, check, money order or certified check. If such payment made on three distinct occasions results in a check returned to the Meyersdale Area School District, its agents or assigns for the reason of insufficient funds, the school district, its agents or assigns exercises the right to refuse to accept payment by method of personal check for the remainder of the school year. Under these circumstances payment by cash, money order or certified check will be required.

ENERGY DRINKS

Energy drinks, including soda, of any variety are not permitted in the school.

OPEN CONTAINERS

Students are permitted to have/use water bottles during the school day. These bottles must be clear resealable containers, and may only be consumed with permission of the classroom teachers. Open cups, cans or

cartons are not permitted. Coffee mugs, fountain drink cups, Camel/hydration packs, etc, are not permitted. If the use of a water bottle appears to impact the student's level of performance the student will be referred to the Principal and/or nurse and parents will be contacted. The use of a water bottle is a privilege and can be restricted at any time.

SCHOOL CAFETERIA INFORMATION

(Refer to Food Services Policy No. 808 and 808 attachment)

You may not want your child to purchase a la carte items through the use of his/her cafeteria account. If you choose this option, please make note of this request on your deposit slip.

We would appreciate your cooperation in maintaining a positive fund balance in your child's cafeteria account. Any remaining funds in your child's account at the close of the school year may be refunded or carried over to the next school year. If you have any questions, please feel free to contact the Food Service Director at 634-5123, Ext. 260.

Students' current identification badges will be kept in the classroom. The old badge should be kept in the student's bookbag. Students must have an identification tag. Replacement tags can be purchased in the office for 50 cents.

STUDENT WELLNESS

(Refer to Student Wellness Policy No. 246)

The Meyersdale Area School District recognizes that student wellness and proper nutrition are related to students' physical well-being, growth and development, and readiness to learn. The Board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement.

HEALTH SERVICES

(Refer to Use of Medications Policy No. 210, Health Examinations/Screenings Policy No. 209, Food Allergy Management Policy No. 209.1 and Possession/Use of Asthma Inhalers/Epinephrine Auto-Injectors Policy No. 210.1 and Immunizations and Communicable Diseases Policy No. 203)

The school health program is an integrated part of the total school program and should be fundamentally educational in its nature and scope. While the promotion of health is one of the cardinal objectives of the school health program, no service should be performed in such a manner that it takes away fundamental privileges and responsibilities of the home in relation to its children. This health program is not set up as a diagnostic procedure since nurses cannot diagnose disease. Instead, the school nurse acts as a coordinator between the school and home in the best interest of the child.

Health examinations/screenings are offered in the school according to the School Health Code. Parents are urged to take advantage of these services. First aid will be administered for minor injuries occurring during the school day. In the event that a serious injury occurs during school hours the parent will be contacted immediately by the school nurse. If the parent or closest relative cannot be located, the school nurse will act in the best interest of the child and see that emergency care is provided.

The following is a guide for exclusion of children with communicable diseases: measles, six days from onset of rash; whooping cough, four weeks from onset; respiratory streptococcal infections (including scarlet fever) if no physician in attendance of the patient, no less than seven days from onset; head lice, scabies, or contagious conjunctivitis of the eyes (pink eye), children may return to school 24 hours after initial treatment with an antibiotic; chickenpox, 5 to 7 days after eruption of rash or until scabs are completely dry.

The school is committed to providing a safe and healthy environment for students with severe or life-threatening allergies and seeks to address allergy management in the school. At the request of a parent or legal guardian, a student shall be exempt from use of Epi-pen auto-injector. In order to request this exemption, contact the school nurse to make an appointment to discuss this decision, review and sign the opt-out form.

If you are sending medication to school with your child, please be sure to follow district procedures which are in place to protect the health and wellbeing of your child.

- · If your child requires medication during school hours, a parent permission form **must** be completed
- · The doctor who prescribed the medication **must** sign the permission form
- · Medication must be brought to school in the **original** pharmaceutically-dispensed container
- The medication container **must** be properly labeled
- · If sending over-the-counter medication, a parent permission form **must** be completed by the parent **and** your child's physician
- · Over-the-counter medication must be brought to the school in its **original** package
- · Medications brought in baggies or unmarked bottles will **not** be accepted
- -Act 105 of 2018 Sunscreen self-carry and self-apply was signed into law October 24, 2018 Parents/students must each submit a permission form to the school for a student to self-carry and self-apply sunscreen. Students who are unable to self-apply sunscreen must have an order from the school physician or their primary care provider along with parental permission as with any other over the counter medications.

Please direct questions or concerns to the school nurse.

Speech services are provided by the Meyersdale Area School District. The services of the school psychologist, hearing, occupational and physical therapists are available to the district from the Intermediate Unit 08 Office in Somerset.

NOTICE AND INSTRUCTIONS FOR PARENTS REGARDING HEAD LICE

Head lice affect more people than all other childhood communicable diseases including the common cold, but like a cold, when children come in close contact with each other, it is easy to pass along head lice. Shared hats, clothing, brushes, pillows, and other personal articles are perfect vehicles to transfer lice from one person to another. It is important to act immediately to prevent their spread to other classmates and to other members of the family.

Head lice are small, only about 1/16" long. They are grayish-white with dark edges. While they cannot fly and do not jump, they do move quickly, that's why it's difficult to find them in a child's hair.

Diagnosis of head lice is generally made when lice eggs (called nits), which are fastened to the hair shaft are clearly evident. Nits are teardrop in shape and also very small, only about 1/32" in size. They are "glued" to the hair and cannot be washed or brushed out like dandruff.

Clusters of nits may be found in any section of the hair, but they are more apt to be found behind the ears and at the nape of the neck.

Getting rid of head lice is a matter of washing the hair with a lice-killing product and then very carefully removing all the nits. A special nit-loosening rinse is also available which makes the job easier. REMOVAL OF NITS IS IMPORTANT TO AVOID RE-INFESTATION. After having the head lice, all students must be accompanied by a parent/guardian to the office of the school nurse to be checked prior to reporting to homerooms on the morning they return to school. Your child may be asked to store personal items in a sealed container to help prevent the spread of lice.

When your child comes home with head lice...

- 1. Don't panic! Anyone can get head lice. It has nothing to do with cleanliness, nor does it reflect on you as a parent. The problem can be managed.
- 2. Examine your child's head to be sure you know what the nits look like. They are tiny grayish-white eggs attached to the hair, near the scalp, especially behind the ears and at the nape of the neck.
- 3. Check all other family members to see if they are infected. Any family member with evidence of head lice must also be treated
- 4. Use an effective head lice treatment. Your pharmacist can recommend an effective pediculicide product. When used as directed, it will be effective in killing head lice.
- 5. Remove the nits (lice eggs). Because no pediculicide product kills all eggs, it is very important to remove all traces of the nits to prevent re-infestation. A special comb for this task is usually provided with the lice treatment product; however our fingernails are excellent tools for this purpose. Simply slide the nit out along the hair shaft until you have pulled it off.
- 6. Wash all clothes, bed linens and towels in hot water and dry on hot cycle for at least 20 minutes. Items that cannot be safely washed, such as stuffed animals, unwashable clothes etc. should be dry cleaned or stored outside the home for a minimum of two weeks.
- 7. Clean combs and brushes in hot, soapy water. Water should be at last 130°F, and it is advisable to let combs and brushes soak in the hot water for 10 minutes.
- 8. Vacuum everywhere to make sure your home is free of lice. Vacuum carpets, pillows, mattresses, upholstered furniture--anything that might hold lice. Do a thorough job and discard the vacuum bag promptly.

Head lice survive only on humans and do not affect family pets. To eliminate head lice and nits from your home, follow the directions above. Doing a thorough job will prevent their spread in the school and community.

NOTICE AND INSTRUCTIONS FOR PARENTS REGARDING BED BUGS

In general, school environments are not conducive to bed bug infestations. Bed bugs prefer an environment where they can hide during the day and come out at night to feed on a sleeping host. Major infestations of schools are rare. However, bed bugs can hide in clothing or backpacks and can hitchhike to and from schools. There is no association between cleanliness and a bed bug infestation. Anyone can experience an infestation. If bed bugs are found, then it may be necessary to investigate the school as well as the child's home setting.

- 1. Upon the discovery of a suspected live bug in the school, any school personnel should attempt to capture the insect on a piece of tape and tightly secure in a zip lock bag. Make every effort to keep the bug intact.
- 2. Discreetly send the student and their belongings up to the designated area. Identification of captured bug will be made, and if it is identified as a bed bug, designated staff will be called to closely inspect the clothing and belongings for any other bugs.
- 3. If a confirmed bed bug was found on a child, the school nurse will inform the child's parents and perform a screening. Depending on the nurse's assessment, a recommendation may be made for the student to be sent home. If the student is sent home, he or she should immediately report to the nurse's office for a screening upon his

- or her return to school. The nurse will then make a determination on whether or not the student should report to his or her regularly scheduled classes.
- 4. Educational materials should be sent home with the student.
- 5. As directed by the school principal, custodial staff will be responsible for appropriate vacuuming and cleaning of affected areas upon initial sighting of bug(s) to include classroom areas, lockers, cubbies, etc.
- 6. Keep communication open between family, nurses, and staff during this period. A group effort is required in this situation. The building principal, guidance counselor, social worker, school nurse, and custodial staff will continue to work together to ensure a positive outcome. Continue to educate family on the importance of obtaining PROFESSIONAL assistance in eliminating bed bugs.
- 7. For children in an infested home who repeatedly come to school with bed bugs, institute CLOTHING AND SCHOOL ITEM SANITATION which requires Parents to:
 - a. Store their child's freshly laundered clothing in sealed plastic bags at home until they are put on in the morning. This prevents bed bugs from hiding in the clothing and being carried to school.
 - b. Wash the student's clothing at home at the hottest recommended setting and tumble dried on high heat for at least 30 minutes before being placed in the bag.
 - c. Backpacks, lunchboxes, coats, shoes, and other items that travel back and forth to school can also be inspected daily and stored in sealed plastic containers, such as a large plastic tote with a tight sealing lid at home to prevent bed bugs from getting into them.
 - d. Placing and keeping all child's clothing in a large sealed Ziploc bag after washing and drying the clothing.
 - e. Remind parent/guardian and child not to sit on any furniture in the home after removing clothing from dryer or sealed bag and dressing for school.
 - f. Limit items going to and from the home.
- 8. During this time, the child's personal belongings (backpack, coat, etc..) will be placed in a plastic tote and kept in the office or other designated area away from other student proximity. The smooth interior of the container is also difficult for the bed bugs to climb so wandering bed bugs are likely to fall into the bottom of the container. Designated school employee will inspect the storage tote daily for bed bugs.
- 9. When the family reports that an exterminator has resolved the issue (in writing from the professional), continue bagging for one (1) week and then discontinue if no further bugs are found.
- 10. A reasonable attempt will be made to keep the identity of the involved student(s) and classroom(s) confidential and to preserve the student's emotional and physical health during the time of identification and remediation of the bed bug concern.

Meetings and routine communication may occur with the Principal, relevant school personnel, and social worker to identify and support the needs of the family during the period of de-infestation.

HONOR ROLL AND HONORABLE MENTION

Honor Roll and Honorable Mention recognizes student achievement in grades 3, 4 and 5 each grading period. Honor Roll is earned with a Grade Point Average (GPA) of 3.6 to 4.0 with at least one A or A- and no D or F. Honorable Mention is earned with a 3.1 to 3.59 GPA with no D or F. All graded subjects are used in the GPA calculation, which is calculated by adding the value of each grade and dividing by the number of grades. TITLE I SCHOOLWIDE PROGRAM

Improving Basic Programs Operated by Local Educational Agencies (Title I, Part A) is a program of the United States Department of Education which provides financial assistance to schools with high numbers or high percentages of poor children to help ensure that all children meet challenging state academic standards. In the past, Meyersdale Elementary School has used this funding as a targeted assistance program, only providing educational services to identified individual students. Our school is now approved to operate a Title I Schoolwide program. Schoolwide programs allow staff in schools with high concentrations of students from low-income families to redesign their entire educational program to serve all students. The program will no longer identify students as being eligible to participate. The emphasis in schoolwide program schools is on serving all students, improving all structures that support student learning, and combining all resources, as allowed, to achieve a common goal. Schoolwide programs maximize the impact of Title I, with the primary goal being to ensure that all students, particularly those who are low-achieving, demonstrate proficient and advanced levels of achievement on State academic achievement standards. Please refer to the Title I section of the handbook, for more information.

ACCELERATED READER PROGRAM

Students at Meyersdale Elementary School participate in an exciting reading program called Accelerated Reader. It operates as follows: Students read a book of their choice and take a short quiz on the computer. The student receives immediate feedback on their results and their teacher has constant access to reports that track their achievement.

For each quiz that the students take, they receive points based on the difficulty and length of the book and how many questions they answer correctly. AR books are labeled with the book level (or reading level) and the number of points it is worth (this is based on the length of the book). STAR tests are used to determine a student's Reading Level, Grade Equivalency and Growth, and provide other useful data to the teacher.

Students and teachers will work together to set clear, consistent, reasonable AR goals for each marking period. Students will be aware of the book level that they should be reading. Book levels and book length will be adjusted so that the quiz scores stay in the 85-92% range. At that range, students will be challenged, but not frustrated. In addition to earning points, students will work through Certification Levels that continually challenge him or her to read longer and more difficult books.

The reading teacher will guide, intervene and instruct in a student's accelerated reading program and may incorporate AR scores as part of the reading grade. Classroom expectations for each marking period, as well as student progress, will be communicated to students and parents.

DRESS GUIDELINES

(Refer to Dress and Grooming Policy No. 221)

An individual's grooming, the way he/she dresses, and how he/she behaves does have a bearing on how others react to him/her.

Dress and grooming should be clean and not unkempt. Hair and dress should satisfy sanitary and safe conditions. If a style demonstrates that it is disruptive to the educational process, constitutes a threat to the safety and health of oneself or others, or is in violation of any statute, it will not be permitted in school. Garments that are perceived to cause disruption to the learning process in the classroom are not permitted. These include but are not limited to:

- Vulgar language or vulgar innuendo.
- 2. Clothing which is too tight or too revealing.
- 3. Shorts, skirts, dresses, etc. that are shorter than the distance above the knee determined by the position on the leg of the middle finger on each hand while standing upright. Shorts will not be rolled. The principal shall determine what is unkempt, inappropriate and extreme. Within these limits, the decision regarding attire and grooming shall be left to the good judgment and responsibility of the individual and his/her parents.
- 4. Chains larger than fine jewelry are not permitted; in addition, jewelry that causes disruption is not permitted. Chain wallets are not permitted.
- 5. Pants/garments must not be unreasonable or dragging on the floor and not create a safety hazard.
- 6. Underclothing must be covered.
- 7. Belly/midriff shirts (where the body can be seen when arms and body are moving) are not permitted. All shirts and blouses must be of length to be able to be tucked in and remain tucked in when arms are raised above head or when seated.
- 8. Shoulder/tank tops are not permitted unless constructed with a three-inch strap.
- 9. Trench coats/raincoats, etc., cannot be worn during the school day.
- 10. Low-cut blouses are not permitted.
- 11. No ripped or torn clothing is permitted. This includes shirts with cut-off sleeves. An exception to this rule is an allowance for jeans that are factory ripped or torn if the holes are at knee length or below. Tears or rips above the knee will absolutely not be tolerated.
- 12. Any form of hair covering is not permitted. (hats, caps, scarves, bandanas, hoodies, etc.) Students, however, may be required to wear certain types of clothing while participating in physical education classes, or in extracurricular activities such as band, school sponsored trips or events. Educational disruptions caused by violations of the above will lead to removal of the student until said student is properly attired as determined by the administrator or his designee. Dress policy concerns observed by staff should be addressed and reported to the office immediately.

Getting off on the right foot ...

As much as possible, physical activity is encouraged for MAES students, whether it be gym class, recess, classroom activities or traveling up and down the stairways. For safety reasons, shoes such as flip flops, clogs, sandals, etc. are strongly discouraged and students may be restricted from participating in activities if they do not have appropriate footwear. Students that wear 'Heely' shoes will be asked to remove the wheels while on school property.

SCHOOLWIDE POSITIVE BEHAVIOR SUPPORT- RED RAIDER PRIDE

Positive Behavioral Interventions and Supports (PBIS) when applied at the Schoolwide level is frequently called: SWPBS or SW-PBIS. The underlying theme is teaching behavioral expectations. The school will focus on behavioral expectations that are positively stated and easy to remember. In other words, rather than telling students what not to do, the school will focus on the preferred behaviors. Behavioral

expectations and routines will be taught in classroom and non-classroom settings. Part of the PBIS implementation process is to have a clear definition of what expectations are and what procedures are in place when expectations are not followed. The PBIS team has taken those procedures and created a plan to ensure that we are more consistent schoolwide and we are all following the same steps to increasing our PRIDE behaviors!

RAIDER PRIDE

Raider Pride will be reinforced through a K-12 character education program with emphasis placed on a different character trait each month. The goal of this program is to promote a safe school environment where all students are treated fairly and with dignity, are respectful to others and will take responsibility for their actions. This program will stress the importance of community involvement. The following is a listing of character traits and color themes that will be reinforced and featured on a monthly basis:

September	Sportsmanship	Red/Black
October	Trustworthiness	Dark Blue
November	Citizenship	Red/White/Blue
December	Respect	Gold

STUDENT RIGHTS AND RESPONSIBILITIES

(Refer to Student Discipline Policy No. 218, Weapons Policy No. 218.1, Terroristic Threats/Acts Policy No. 218.2 and Suspension and Expulsion Policy No. 233, Hazing Policy No. 247)

The State Board of Education adopted a document which is referred to as STUDENT RIGHTS AND RESPONSIBILITIES. Officially this document is PENNSYLVANIA CODE TITLE 22-EDUCATION CHAPTER 12. STUDENTS; REGULATIONS AND GUIDELINES ON STUDENT RIGHTS AND RESPONSIBILITIES.

Two of the requirements of the document are that Boards of School Directors define their policy on corporal punishment and list those offenses for which a student may be suspended or expelled.

The Meyersdale Area School Board at its regular meeting February 12, 1975 adopted the entire document with the proper explanations relative to corporal punishment and suspension and expulsion.

On December 3, 2005, the State Board of Education amended the Corporal Punishment provision to read:

- a) Corporal punishment is defined as physically punishing a student for an infraction of the discipline policy. USE OF CORPORAL PUNISHMENT IS PROHIBITED.
- b) Teachers and school authorities may use reasonable force under the following circumstances:
 - 1. to quell a disturbance; or
 - 2. to obtain possession of weapons or other dangerous objects; or
 - 3. for the purpose of self-defense; or
 - 4. for the protection of persons or property

If you have any questions concerning this matter, please contact the elementary principal (634-8313); the high school principal or the school superintendent (634-5123).

The law requires the school to show guardians its Student Rights and Responsibilities Policy. If you have a special request, please submit it in writing to the proper school person.

In accordance with Section 12.6, **Exclusions from School** (Suspension and Expulsion) the board lists as required in part (a) that the following offenses which could lead to suspension and/ or expulsion.

- 1. Violation contained within the Crime Code of Pennsylvania.
- 2. Vandalism and destruction of school property and contracted property used in the operation and maintenance of the school.

- 4. Use of tobacco, alcohol, and other dangerous drugs.
- 5. The use of obscene language or gestures.
- 6. Threatening or intimidating school personnel, school guests or fellow students.
- 7. Persistent violation of school rules and regulations.

Expulsion would be used only when the offense is severe in its initial enactment or when lesser offenses are repeated with such persistence that they are detrimental to the learning climate or threatening to property, employees, or other students.

The Board reserves the right to add to or delete any of the above offenses to allow for the better and more efficient operation of the schools so long as they are within the limits of State and Federal Statutes.

Personal student safety

- a. To stay off the traveled roadway at all times while waiting for a bus.
- b. Remain seated until the bus has come to a stop before attempting to get off. Wait until the bus stops moving before attempting to board.
- c. To leave the bus only at the consent of the driver.
- d. To enter or leave the bus only at the front door after the bus has come to a stop, except in case of an emergency.
- e. To cross the traveled highway if necessary after leaving the bus in the following manner:
 - 1. Make certain the bus is stationary.
 - 2. When unloading, go to the front of the bus within sight of the driver, stop, look both ways and cross with

Drivers have the right to refuse boarding privileges, in consultation with the administration, at the school stop as well as the home stop if a clear and present danger occurs or is created by a student while boarding and/or exiting the bus or while the bus is in transit. Students creating a clear and present danger will be put off the bus when a problem occurs the spot of removal will be either the home or the school, depending upon whichever is nearest.
- d. Buses can and do have recording devices to allow for video and audio recording of students. The video and audio recordings will be used to assist administration in the handling of student misconduct on the bus.

RESPONSIBILITY OF THE PARENTS / SCHOOL TRANSPORTATION

(Refer to Transportation Policy No. 810 and 810.2)

Buses can and do have recording devices to allow for video and audio recording of students. The video and audio recordings will be used to assist administration in the handling of student misconduct on the bus.

The responsibility of parents whose children are transported to school at public expense:

- 1. To ascertain and ensure that their children arrive at the bus stop on time in the morning.
- 2. To provide necessary protection of their children when going to and from bus stops.
- 3. To accept joint responsibility with the school authorities for proper conduct of their children.
- 4. To make reasonable effort to understand and cooperate with those responsible for pupil transportation.
- ★ If a student's bus riding privilege is suspended, it is the parent's responsibility to see that the child gets to school. Otherwise, any days of school missed must be considered **illegal**.

Please note: regulations prohibit the transport of live animals on the school bus. This is a concern involving health, safety and disruption. Students should not bring any living creatures on the school bus.

SCHOOL BUS EVACUATION PROCEDURES

- Remain calm and quiet.
- 2. Wait for directions from the driver (older students).
- 3. Leave everything in your seat.
- 4. Go out through the safest exit (front and/or back).
- 5. Use the push-out windows if other exits are blocked.
- 6. Help each other for a safe and orderly evacuation.
- 7. Move to a safe place away from the bus (100 giant steps).

TITLE I INFORMATION SECTION

TITLE I SCHOOLWIDE PROGRAM

Improving Basic Programs Operated by Local Educational Agencies (Title I, Part A) is a program of the United States Department of Education which provides financial assistance to schools with high numbers or high percentages of poor children to help ensure that all children meet challenging state academic standards. In the past, Meyersdale Elementary School has used this funding as a targeted assistance program, only providing educational services to identified individual students. Our school is now approved to operate a Title I Schoolwide program. Schoolwide programs allow staff in schools with high concentrations of students from low-income families to redesign their entire educational program to serve all students. The program will no longer identify students as being eligible to participate. The emphasis in schoolwide program schools is on serving all students, improving all structures that support student learning, and combining all resources, as allowed, to achieve a common goal. Schoolwide programs maximize the impact of Title I, with the primary goal being to ensure that all students, particularly those who are low-achieving, demonstrate proficient and advanced levels of achievement on State academic achievement standards.

Gifted Support

Program Description

Gifted Support at Meyersdale Area School District follows Pennsylvania State Guidelines as set down in Chapter 16 of the School Code. The purpose is to meet the strength-based academic needs of students who are academically gifted.

At MASD, we recognize that subject area specialists can best deliver services to gifted students within the regular classroom setting with accommodations as specified in each student's GIEP. Students may access a variety of accommodations, including curriculum compacting, individualized enrichment, and acceleration. Plans are worked out individually among the gifted support teacher, the classroom teacher, the parent, and the student.

Philosophy

The Meyersdale Area School District provides gifted support to students who are eligible in accordance with Chapter 16 of the Pennsylvania School Code. In kindergarten through grade 12, strength-based, specially designed instruction is primarily delivered in the general education classroom setting. Students must have opportunities to work at a pace and depth which is consistent with their learning rates and their academic needs. When planning specially designed instruction to grow a student's areas of strength, it is preferable to provide as much connection to the educator who has the most specialized knowledge in that content area. At the secondary level, students are encouraged to select courses which reflect their academic needs and their interests.

Student Identification

Screen Protocol

A multi-level screening process is used at MASD. The Meyersdale Area School District implements a comprehensive child find process for students in grades K-12 with a special focus on students in grades K-5. The comprehensive child find process utilizes universal screening data in literacy and math. This data is collected three times a year (September, January, and May). Students who perform at or higher than the predetermined cut-offs are identified by the grade level teams. During the universal screening process, students who meet the established cut-offs in the minimum number of areas are referred for further, diagnostic screening.

Evaluation Protocol

Requests for a gifted multidisciplinary evaluation (GMDE) may result from the comprehensive child find process or through parent referral. Parents who suspect that their child is gifted may request a GMDE of their child at any time, with a limit of one request per school term. The request must be in writing.

Gifted Individualized Education Plan (GIEP)

If the gifted multidisciplinary team (GMDT) decides the student is gifted and in need of gifted education, the gifted individualized education plan (GIEP) team writes the GIEP at a meeting within 30 calendar days from the date of the gifted written report (GWR). The GIEP is based on the unique needs of the gifted student and enables the gifted student to participate in acceleration or enrichment programs, or both, as appropriate, and to receive services according to the student's intellectual and academic abilities and needs. Parents will be invited to participate on the team and to attend the GIEP team meeting.

The Role of the Gifted Support Teacher

The gifted support teacher works collaboratively with the general education teacher to help him/her understand his/her role and function in the development and implementation of the GIEP.

The gifted support teacher will

- offer teachers support on how to differentiate for the gifted (and advanced) learners;
- collect documentation from the general education teacher to report on goal progress in the GIEP;
- collect and analyze data, coordinate assessments with appropriate professionals, communicate with student and parents to develop an academically appropriate GIEP;
- schedule and conduct GIEP meetings, monitor signature of the NORA;
- inform service providers (general education teachers) of their responsibilities for specific identified students in a timely fashion;
- provide direct instruction to gifted students in strength areas (when specifically called for and certification allows); and
- support enrichment and acceleration for the identified student (space to work, resources, managing deadlines, consulting with teachers, collecting documentation, reporting to parents, etc.).

Classroom Opportunities

Differentiated Instruction is employed in order to meet the learning needs of all students. Even in courses designated "honors" or "advanced placement," students maintain the option stated in their GIEP to compact courses, to seek individualized enrichment, or to accelerate in order to meet their academic needs.

Course compacting is a strategy whereby a student works with the classroom teacher and the gifted support teacher to develop a plan to work through the curriculum more rapidly than the rest of the class in order to provide time to focus on specific goals, on more in-depth work within the compacted area, or on an area of student interest.

Individualized enrichment can occur easily within any setting, and provides an opportunity for in-depth learning as opposed to superficial, rapid coverage of a given curriculum. The gifted teacher or the classroom teacher can provide enrichment materials for the student who wants to study a topic in depth.

Acceleration refers to the rare instances when a student tests out of an entire course by showing mastery of the material through passing the final exam for that course. Acceleration also refers to skipping an entire grade level, but this is an extreme measure that usually takes place at the elementary level.

Gifted education continuum of acceleration/enrichment opportunities (K-12) available but not limited to

- classroom-based acceleration and enrichment opportunities;
- tiered and differentiated instruction;
- curriculum compaction;
- interdisciplinary and/or arts infused curriculum;
- advanced grade or subject-level placement;
- honors, AP, dual enrollment, and independent study courses;
- self-directed projects and activities

Parental Rights

At all times, a parent has certain rights with all gifted education services received by his/her child. Parents have the right

- to be notified about a child's program and progress, and any changes that take place;
- to approve or reject programs and testing;
- to privacy and confidentiality; and
- to make a formal complaint.
